

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

MEDWATCH
FORM 3500A

For use by user facilities, importers, distributors, packers and manufacturers for MANDATORY reporting

Form Approved: OMB No. 0910-0291

Expires: 09-30-2027

See PRA statement on page 9.

Mfr report #

UF/Importer Report #

Exemption/Variance/
Alternative #

Note: For date prompts of "dd-mmm-yyyy" please use 2-digit day, 3-letter month abbreviation, and 4-digit year; for example, 01-Jan-1900.

A. PATIENT INFORMATION

1. Patient Identifier (In confidence)

2. Age

☐ Year(s) ☐ Month(s)

☐ Week(s) ☐ Day(s)

or Date of Birth (e.g., 01-Jan-1900)

3. Sex

☐ Male

☐ Female

4. Weight

☐ lb

☐ kg

5. Race and/or Ethnicity (Select all that apply)

☐ American Indian or Alaska Native

☐ Asian

☐ Black or African American

☐ Hispanic or Latino

☐ Middle Eastern or North African

☐ Native Hawaiian or Pacific Islander

☐ White

B. ADVERSE EVENT OR PRODUCT PROBLEM

1. Type of Report (Check all that apply)

☐ Adverse Event

☐ Product Problem
(e.g., defects/malfunctions)

2. Outcome Attributed to Adverse Event (Check all that apply)

☐ Death - Date of death (e.g., 01-Jan-1900):

☐ Life-threatening

☐ Hospitalization (Initial or prolonged)

☐ Required Intervention to Prevent Permanent Impairment/Damage

☐ Disability or Permanent Damage

☐ Congenital Anomaly/Birth Defects

☐ Other Serious or Important Medical Events

3. Date of Event (e.g., 01-Jan-1900)

4. Date of this Report (e.g., 01-Jan-1900)

5. Describe Event or Problem

Characters Remaining (max. 10,000):

Submission of a report does not constitute an admission that medical personnel or the product caused or contributed to the event.

* Please see instructions

6. Relevant Test/Laboratory Data**Low Test Range****High Test Range****Date (e.g., 01-Jan-1900)**

Additional Comments

Characters Remaining (max. 2,000):

7. Other Relevant History, Including Preexisting Medical Conditions*(e.g., allergies, pregnancy, tobacco product use, alcohol use, and liver/kidney problems, etc.)*

Characters Remaining (max. 2,000):

C. SUSPECT PRODUCTS**SUSPECT PRODUCT #1****1. Name, Strength, Manufacturer/Compounder**

Product Name	Strength	Unit
NDC # or Unique ID	Manufacturer/Compounder Name	
Lot #	FEI # for cosmetics	

2. Dose or Amount**Frequency****Route**

Unit	Other Frequency	Other Route

3. Treatment/Therapy/Usage Dates (Give best estimate of length of treatment/usage (start/stop) or date of dose reduction.)

Therapy/Usage started on (e.g., 01-Jan-1900)		OR	Duration	
Therapy/Usage stopped on (e.g., 01-Jan-1900)			Unit	
Dose Reduced on (e.g., 01-Jan-1900)				

4. Diagnosis for use (Indication)**5. Product Type** (Check all that apply)**Drug or Biologic**

- ☐ Brand
☐ Generic or Biosimilar
☐ Over-the-Counter (OTC)
☐ Compounded product
(By a Pharmacy or an Outsourcing Facility)

Cosmetics (Select one)

- ☐ Cosmetics for professional use only
☐ Cosmetics sold on a retail basis

Other Product Types

- ☐ Cannabinoid hemp products
(Such as products containing CBD)
☐ Other

6. Expiration Date

(e.g., 01-Jan-1900)

7. Event Abated after use Stopped or Dose Reduced?☐ Yes ☐ No ☐ Doesn't Apply**8. Event Reappeared after Reintroduction?**☐ Yes ☐ No ☐ Doesn't Apply

SUSPECT PRODUCT #2**1. Name, Strength, Manufacturer/Compounder**

Product Name	Strength	Unit
NDC # or Unique ID	Manufacturer/Compounder Name	
Lot #	FEI # for cosmetics	

2. Dose or Amount**Frequency****Route**

Unit	Other Frequency	Other Route

3. Treatment/Therapy/Usage Dates (Give best estimate of length of treatment/usage (start/stop) or date of dose reduction.)

Therapy/Usage started on (e.g., 01-Jan-1900)		OR	Duration	
Therapy/Usage stopped on (e.g., 01-Jan-1900)			Unit	
Dose Reduced on (e.g., 01-Jan-1900)				

4. Diagnosis for use (Indication)**5. Product Type** (Check all that apply)**Drug or Biologic**

- ☐ Brand
☐ Generic or Biosimilar
☐ Over-the-Counter (OTC)
☐ Compounded product
(By a Pharmacy or an Outsourcing Facility)

Cosmetics (Select one)

- ☐ Cosmetics for professional use only
☐ Cosmetics sold on a retail basis

Other Product Types

- ☐ Cannabinoid hemp products
(Such as products containing CBD)
☐ Other

6. Expiration Date
(e.g., 01-Jan-1900)**7. Event Abated after use Stopped or Dose Reduced?**

☐ Yes ☐ No ☐ Doesn't Apply

8. Event Reappeared after Reintroduction?

☐ Yes ☐ No ☐ Doesn't Apply

9. List Medical Product and Treatment Given at the Same Time of the Event and Date *(Do not include treatment for initial event)*

	Product Name	Therapy/Usage Start Date <i>(e.g., 01-Jan-1900)</i>	Therapy/Usage Stop Date <i>(e.g., 01-Jan-1900)</i>
1.			
2.			
3.			
4.			
5.			
6.			
7.			
8.			
9.			
10.			

D. SUSPECT MEDICAL DEVICE

1. Brand Name		2a. Procode	2b. Common Device Name

3. Manufacturer Name, City, State, and Country		

4. Model #	Lot #	Catalog #

Expiration Date <i>(e.g., 01-Jan-1900)</i>		Serial #	
---	----------------------	-----------------	----------------------

Unique Device Identifier (UDI) #	Characters Remaining (max. 1,000):

5. Operator of Device ☐ Health Professional ☐ Patient/Consumer ☐ Other	6a. If Implanted, Give Date <i>(e.g., 01-Jan-1900)</i> 	6b. If Explanted, Give Date <i>(e.g., 01-Jan-1900)</i>
7a. Is this a single-use device that was reprocessed and reused on a patient? ☐ Yes ☐ No	7b. If yes, enter the name and address of the reprocessor 	
8. Was this device ever serviced by a third-party servicer? ☐ Yes ☐ No ☐ Unknown	9. Is this Device Available for Evaluation? <i>(Do not send to FDA)</i> ☐ Yes ☐ No ☐ Returned to manufacturer <i>(01-Jan-1900)</i>	

10. Concomitant Medical Products and Therapy/usage Dates <i>(Exclude treatment of event)</i>			
	Product Name	Therapy/Usage Start Date <i>(e.g., 01-Jan-1900)</i>	Therapy/Usage End Date <i>(e.g., 01-Jan-1900)</i>
1.			
2.			
3.			
4.			
5.			
6.			
7.			
8.			
9.			
10.			

E. INITIAL REPORTER

1. Name and Address			
Last Name		First Name	
Address			
City		State/Province/Region	
		ZIP/Postal Code	
Country			
Phone #		Email	
2. Health Professional? ☐ Yes ☐ No	3. Occupation <i>(Select list)</i> 	4. Initial reporter also sent report to FDA? ☐ Yes ☐ No ☐ Unknown	

F. FOR USE BY USER FACILITY/IMPORTER (Devices Only)

1. Check One ☐ User Facility ☐ Importer		2. User Facility/Importer Report Number	
3. User Facility or Importer Name/Address/Email 		4. Contact Person 	
		5. Phone Number 	
		6. Date User Facility or Importer Became Aware of Event (e.g., 01-Jan-1900) 	
		7. Type of Report ☐ Initial ☐ Follow-up #	
8. Approximate Age of Device ☐ Year(s) ☐ Month(s)			
9. Adverse Event Problem (Refer to coding manual) Health Effect – Clinical Code Health Effect – Impact Code Medical Device Problem Code Component Code 			
10. Report Sent to FDA? (If Yes, enter date (e.g., 01-Jan-1900)) ☐ Yes ☐ No 		11. Location Where Event Occurred ☐ Ambulatory Surgical Facility ☐ Outpatient Treatment Facility ☐ Other (Specify) ☐ Home ☐ Outpatient Diagnostic Facility ☐ Hospital ☐ Nursing Home 	
12. Report Sent to Manufacturer? (If Yes, enter date (e.g., 01-Jan-1900)) ☐ Yes ☐ No		13. Manufacturer Name/Address 	

G. ALL MANUFACTURERS

1. Contact Office (and Manufacturing Site for Devices) or Compounding Outsourcing Facility or Responsible Person Name Email Address Phone Number Address Compounding Outsourcing Facility 503B? Outsourcing Facility ☐ Check box if applicable				
2. Report Source (Check all that apply) ☐ Foreign ☐ Literature ☐ Health Professional ☐ Company Representative ☐ Study ☐ Consumer ☐ User Facility ☐ Distributor/Importer ☐ Other (Please list) 				3. Date Received by Manufacturer or Responsible Person (e.g., 01-Jan-1900)
4. NDA # ANDA/Pre-ANDA # IND # BLA # PMA/510(k) # 				
Check all that apply: ☐ Combination product ☐ Pre-ANDA ☐ Pre-1938 ☐ OTC ☐ Compounded Product				
5. If IND/Pre-ANDA, Give Protocol # 		6. Type of Report (Check all that apply) ☐ 5-day ☐ 15-day ☐ Non-expedited (periodic) ☐ Follow-up # ☐ 7-day ☐ 30-day ☐ Initial		
7. Adverse Event Term(s) 			8. Manufacturer Report Number 	

H. DEVICE MANUFACTURERS ONLY**1. Type of Reportable Event** (Check all that apply)

- ☐ Death ☐ Summary Report
☐ Serious Injury No. of events summarized
☐ Malfunction

2. If Follow-up, What Type?

- ☐ Correction
☐ Additional Information
☐ Response to FDA Request
☐ Device Evaluation

3. Device Evaluated by Manufacturer?

- ☐ Yes ☐ No

4. Device Manufacture Date**5. Labeled for Single Use?**

- ☐ Yes ☐ No

6. Adverse Event Problem (Refer to coding manual)

Health Effect – Clinical Code

Health Effect – Impact Code

Medical Device Problem Code

Component Code

Type of Investigation Code

Investigation Findings Code

Investigation Conclusions Code

7. If Remedial Action Initiated, Check Type

- ☐ Recall ☐ Relabeling ☐ Patient Monitoring
☐ Repair ☐ Notification ☐ Modification/Adjustment
☐ Replace ☐ Inspection ☐ Other:

8. Usage of Device

- ☐ Initial Use of Device
☐ Reuse
☐ Unknown

9. If action reported to FDA under 21 USC 360i(g), list FDA-assigned recall number or include a statement:**10. Related Report Number****11. Additional Manufacturer Narrative**

Characters Remaining (max. 450):

PRIVACY ACT STATEMENT

Authority: The information collected in this form is provided to comply with the Privacy Act of 1974 (P.L. 93-579) for individuals seeking non-employee student, post-graduate or senior scientist training opportunities from the Food and Drug Administration. Purpose and Uses: All information collected in this form is required to begin the Traineeship. Completed forms are used by the Staff to meet program selection and on-boarding requirements. Information is also shared with the FDA personnel authorized to administer the program. Effects of nondisclosure: Disclosure of the information is voluntary; however, collection of this information is necessary to continue with the FDA.

PRA Info

This section applies only to requirements of the Paperwork Reduction Act of 1995.

DO NOT SEND YOUR COMPLETED FORM TO THE PRA STAFF EMAIL ADDRESS BELOW.

The burden time for this collection of information is estimated to average 15 minutes per response, including the time to review instructions, search existing data sources, gather and maintain the data needed and complete and review the collection of information. Send comments regarding this burden estimate or any other aspect of this information collection, including suggestions for reducing this burden, to:

Department of Health and Human Services
Food and Drug Administration
Office of Operations
Paperwork Reduction Act (PRA) Staff

"An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number."

APPENDIX 1 EXAMPLES FOR POPULATING SECTION C1 SUSPECT PRODUCT(S) NAME 30

GENERAL INSTRUCTIONS - For Form FDA 3500A MedWatch (for Mandatory reporting)

GENERAL INSTRUCTIONS

- All entries should be typed or printed in a font no smaller than 8 point.
- Complete all sections that apply. If information is unknown, not available or does not apply, the section should be left blank.
- Dates should be entered as dd-mmm-yyyy (*e.g., 12 Oct 2019*). If exact dates are unknown, provide the best estimate.
- For narrative entries, if the fields do not provide adequate space, attach an additional page(s). The following **specific information** is to be incorporated:
 - Include the word “continued” at the end of each field of FDA Form 3500A that has additional information continued onto another page.
 - Identify all attached pages as *Page ____ of ____*
 - Indicate the appropriate section and block number next to the narrative continuation.
 - Display the User Facility, Importer, or Manufacturer/ Compounder report number in the upper right corner as applicable
- If the case report involves more than two (2) suspect products attach another copy of **Form FDA 3500A**, with only section C filled in as appropriate.
- For medical device reporting, manufacturers, importers, and user facilities must prepare and submit a complete **Form FDA 3500A** for each suspect device. Each Form FDA 3500A will be given a separate Report Number.
- If the suspect medical device is a single use device that has been reprocessed for use in humans, then the reprocessor is the manufacturer. The manufacturer can be either an Original Equipment Manufacturer (OEM), or a reprocessor of Single-Use Devices, which also can be a User Facility that reprocesses Single-Use Devices. (See the following table.)

Subject Device is:	Manufacturer is:
Single Use Device	OEM
Device designed to be reused	OEM
Single Use Device, reprocessed for reuse	Reprocessor
Single Use Device, reprocessed by Hospital or Health Care Facility	Hospital or Health Care Facility

- If no suspect medical device is involved in a reported adverse event (i.e., when reporting **ONLY** a suspect drug, biologic, or cosmetic product), **ONLY** sections A, B, C, E, and G are to be filled out.
- Section G (*All manufacturers*) may be substituted for section D (*Suspect medical device*) on the front of the form to enable the submission of a shorter form.
 - If section G is reproduced on the front of the form, it must be an identical reproduction of the original section G.
 - When reporting **ONLY** a cosmetic product, the sections and/or subsections/blocks that are not relevant to cosmetics should be left blank.
- All submissions must be made in English, including foreign literature reports.

- Form 3500A should not be used for the below products
 - Vaccines: adverse events involving vaccines should be reported to the Vaccine Adverse Event Reporting System (VAERS), <http://vaers.hhs.gov/index>. For additional information or assistance with filing a VAERS report, call: 1-800-822-7967.
 - Animal Drug: Persons responsible for submitting mandatory adverse event reports for animal drugs must submit them to FDA's Center for Veterinary Medicine (see CVM [Veterinary Adverse Event Reporting for Manufacturers | FDA](#)). For Device, Pet Food and Livestock Feed Problems – report problems to [FDA's Center for Veterinary Medicine](#)
 - Tobacco products: Report health or product problems to the Safety Reporting Portal (SRP) www.safetyreporting.hhs.gov or call 1-877-287-1363.
 - Food or dietary supplement products: Report to the SRP should follow the instructions at: www.safetyreporting.hhs.gov
- Devices: Federal law provides that user facility reports that are required by law may not be used in private civil litigation actions unless the party who made the report had knowledge the report contained false information. 21 USC 360i(b)(3)
- Cosmetic Products: Responsible persons submitting serious adverse event reports for cosmetic products using Form FDA 3500A [[Electronic submissions \(Database to Database transmission\)](#) and [Safety Reporting Portal](#)] are encouraged. should include a copy of the label on or within the retail packaging of the cosmetic product, along with any information that can be provided to support the report, such as scans of labels and images of the serious adverse event. The Form 3500A along with all the supporting materials may either be sent to the email address or to the mailing address.

Via email at: CosmeticAERS@fda.hhs.gov

Or by mail to:

FDA CDER Mail Center
 Attn: Cosmetics MedWatch reports
 White Oak Campus, Building 22, G0207
 10903 New Hampshire Ave.
 Silver Spring, MD 20993

FRONT PAGE

- On the top-right corner of the front page, enter the Manufacturer report number, User Facility report number, or Importer report number, as appropriate, in the corresponding labeled box. Enter all numbers, if applicable, to cross-reference this report with a report from another source on the same event. For medical devices, the cross-reference report number should be left blank in the section and instead entered in H11: Additional Manufacturer Narrative.
- **Manufacturer report # (Mfr report #):** This is the unique identifier used by the manufacturer for this report. For a follow-up report, the manufacturer report number must be identical to the number assigned to the initial report. The manufacturer report number is also entered in block G8.
 - For device manufacturers: The report number consists of three components: the manufacturer's FDA registration number for the manufacturing site of the reported device, the 4-digit calendar year, and a consecutive 5-digit number for each report filed during the year by the manufacturer (e.g., 1234567-2016- 00001, 1234567- 2016-00002). If the manufacturing site does not have a registration number, please contact reglist@cdhrh.fda.gov for assistance.
 - For drug and biologics manufacturers and for responsible persons for cosmetic products: The "Mfr report #" is the number that the manufacturer or the responsible person chooses to uniquely identify the report and should conform to applicable regulations or guidance.
 - For human cell, tissue, and cellular and tissue- based product (HCT/P) manufacturers: The report number consists of three numbers separated by dashes: the 10-digit FDA Establishment Identifier (FEI) number, which was assigned to you as part of Human Cells and Tissue Establishment Registration (HCTERS), the 4-digit calendar year, and a consecutive 5-digit number for each report filed during the year by the manufacturer. Example: 1234567890-2016- 00005.
 - For cosmetic products, the User Facility/Importer Report # and Exemption/Variance # should be left blank in this section.
- **UF/Importer report #:** This is the unique identifier used by the user facility or the importer for this report. For a follow-up report, the UF/Importer report number must be identical to the number assigned to the initial report. The UF/ Importer report number for devices is also entered in block F2: User Facility/Importer Report Number on the back of the form.
 - The user facility report number consists of three components: the facility's 10-digit Health Care Financing Administration (HCFA) number, the 4-digit calendar year, and a consecutive 4-digit number for each report filed during the year by the facility (e.g., 1234567890-2016- 0001, 1234567890-2016-0002). If the HCFA number has fewer than 10 digits, enter ONLY these numbers, leaving the remainder blank (zeros will be automatically filled in by the system). If a facility does not have a HCFA number, the first report and any subsequent reports should be submitted with all zeros in the HCFA space (e.g., 0000000000-2016-0001), and FDA will assign a number to be used in future reports. If a facility has more than one HCFA number, the facility must select one of those numbers as the primary number and use it for subsequent submissions.
 - If a user facility has multiple sites, the primary site can report centrally and use one reporting number for all sites. If the primary site provides an addendum that identifies the name, address, and HCFA number for the other sites.
 - The importer report number consists of three components: the FDA-assigned registration or identification number for the importer of the device, the 4-digit calendar year, and a consecutive 5-digit number for each report filed during the year by the importer (e.g., 1234567-2016-00001, 1234567-2016-00002). If an importer does not have an assigned identification number, it should use all zeros in the appropriate space on the initial report, and continue to use zeros on subsequent reports until the FDA- assigned number is received. The importer would still enter the 4-digit calendar year and 5-digit sequence number.
 - For cosmetic products, the User Facility/Importer Report # and Exemption/Variance # should be left blank in this section.
- The **Exemption/Variance/Alternative Number** identifies reports being submitted under the conditions of an FDA approved exemption or variance or alternative reporting per 21 CFR Part 803.19. If the report being submitted is not the subject of an approved exemption or variance, the field should not be completed unless instructed by the FDA to use this field for a specific purpose. For cosmetic products, the User Facility/Importer Report # and

Exemption/Variance # should be left blank in this section.

- **Note:** In cases where a reporting site is registered as both a manufacturer and an importer, and the registration and/or FDA-assigned identification numbers are identical for both, then the 5-digit sequence number for reports submitted during the year by either one may NOT be duplicated. For example, for devices manufactured by the firm, the report number would consist of the registration number, calendar year, and a consecutive 5-digit number (e.g., 1234567-2016-00001, 1234567-2016-00002, and so on). For devices imported by the firm, the registration number and year would remain the same, but the 5-digit sequence number must be different (e.g., 1234567-2016- 00003, 1234567-2016-00004, and so on).

SECTION A: PATIENT INFORMATION

Complete a separate form for each patient. For medical device-related reporting, patients include consumers, study subjects/participants, as well as individuals who seek care, whether or not they are ill at a given time. If you are a user facility reporting an event where multiple patients were adversely affected at the same time through the use of one device, you do not need to file a separate form FDA 3500A for each patient as long as you:

- Indicate the number of patients in block B5 (Describe event or problem).
- Prepare a complete form FDA 3500A for one patient and attach additional 3500As with Section A and blocks B2, B5, B6, B7, D10, F2 and F10 filled in for each additional patient [Be sure to identify all forms with the user facility report number].
- Enter the corresponding patient identifier in block A1 for each patient involved in the event.

Mother-infant/fetus report(s) are those cases in which either a mother or a fetus/breast feeding infant, or both, sustain an adverse event that the initial reporter considers possibly associated with a product administered to or a device used on the mother during pregnancy. Several general principles are used for filing these reports:

- If the event did not affect the infant/fetus, report only on the mother.
- For those cases describing fetal death, miscarriage or abortion, report the mother as the patient in the report.
- When ONLY the infant/fetus has an adverse reaction/ event (other than fetal death, miscarriage, or abortion), the information provided in Section A applies to the infant/ fetus. However, the information in Section C or D would apply to the mother who was the source of exposure to the product or device.
- When a newborn baby is found to have a congenital anomaly/birth defect that the initial reporter considers possibly associated with a product administered to or device used on the mother during pregnancy, the patient is the newborn baby.
- If both the mother and the infant/fetus sustain adverse events, two reports should be provided and linked using the narrative field in block B5.

A1: Patient identifier

Provide the patient's initials or some other identification code number that will allow both the submitter and the initial reporter (if different) to locate the case if contacted for follow-up. Do not use the patient's name, medical record number or social security number.

The patient's identity is held in strict confidence by FDA and protected to the fullest extent of the law. The FDA will not disclose the reporter's identity in response to a request from the public, pursuant to the Freedom of Information Act.

If no patient was involved, enter '*none*'.

A2: Age or Date of Birth

Enter the patient's birth date, if known, or the patient's age at the time of event onset. Provide the most precise information available if the exact age is unknown.

For age, indicate years, months, and/or days.

- If the patient is 3 years or older, use years (e.g., 4 years).
- If the patient is less than 3 years old, use months (e.g., 34 months).
- If the patient is less than 1 month old, use day(s) (e.g., 15 day(s)).

A3: Sex

- **Sex:** Enter the patient's sex.

Choose only one response. If the adverse event is a congenital anomaly, report the sex of the child.

A4: Weight

Indicate whether the weight is in pounds (lbs.) or kilograms (kgs). Make a best estimate if exact weight is unknown.A5:
Race and/or Ethnicity

Indicate the race/ethnicity of the patient as reported by the patient. You may choose multiple answers. Please DO NOT make a best guess.

SECTION B: ADVERSE EVENT OR PRODUCT PROBLEM

B1: Type of Report

Choose the appropriate box. Both boxes should be checked if a product problem has or may have caused or contributed to the adverse event.

Product problem (e.g., defects/malfunctions): Any report regarding the quality, performance, or safety of any regulated product.

B2: Outcomes attributed to adverse event

Indicate ALL that apply to the reported event:

Drugs, Biologics and Cosmetic Products: Only mark a box in this section if the adverse event meets the regulatory definition of serious in 21 CFR 314.80(a), 21 CFR 600.80(a) and Section 605 of the FD&C Act, respectively.

Human Cells, Tissues, and Cellular and Tissue- Based Products (HCT/Ps): An adverse reaction must be reported to FDA if it involves a communicable disease and according to 21 CFR 1271.350a:

- Resulted in death,
- Is life-threatening,
- Results in permanent impairment of a body function or permanent damage to body structure, or
- Necessitates medical or surgical intervention, including hospitalization.

Medical Devices: An adverse event which must be reported to FDA is a device-related death or a device- related serious injury as defined in 21 CFR 803.3:

A serious injury means an injury or illness that:

- Is life-threatening,
- Results in permanent impairment of a body function or permanent damage to a body structure, or
- Necessitates medical or surgical intervention to preclude permanent impairment of a body function or permanent damage to a body structure. Permanent means irreversible impairment or damage to body structure or function, excluding trivial impairment or damage." <https://www.ecfr.gov/current/title-21/chapter-I/subchapter-H/part-803/subpart-A/section-803.3>

Death: Check if death was an outcome of the adverse event, or if the cause of the death is unknown. Include the date of death, if known.

DO NOT check if:

- The patient died while using a product, but there was no suspected association between the death and the use of the product
- A fetus is aborted because of a congenital anomaly, or is miscarried.

Life-threatening: Check if suspected that:

- The patient was at substantial risk of dying at the time of the adverse event.
- Use or continued use of the device might have resulted in the death of the patient.

Hospitalization (initial or prolonged): Check if admission to the hospital or prolongation of hospitalization was a result of the adverse event.
